

Hornsby Travel Bus Pass Information 2022/2023

Please find details below of the information Hornsby Travel have provided in relation to school bus passes this year:

Buy your tickets & track your bus with myTrip

2020 changed a lot of things, both for us and our passengers. Our priority is keeping the people who travel with us safe and secure.

We needed to find a way to keep customers safe, with contact-free and cashless ticketing, and we wanted people travelling with us to be able to feel confident that their bus was on the way and there would be room for them to get on it safely.

So, we are introducing myTrip ... it's a national app with mobile ticketing and live bus locations, and you can find us on there now. Simply download the app for iOS or Android, add your location, and you'll be able to buy your tickets, send tickets to family or dependants, see exactly where your bus in (on a map, in real-time - just like a Deliveroo rider!) and find out lots of important information about your bus before it even arrives at your stop!

Download myTrip at mytrip.today

While we would like everyone to use myTrip to purchase bus passes we understand this is not an option for everyone, if this is not an option for you, please our office 01724 282255 (between 0930 – 1300) or email students@hornsbytravel.co.u
